A Message from Our President...

April 2011 Edition

Ladies, WIC Week was a great success. Thank you to all that participated in the activities. Great job Vanessa on organizing the week of events. We are busy with our regular chapter business as you see on the calendar of events. Be sure to mark your calendars so that you don't miss anything.

As you know, our chapter is hosting Forum this year. It will be held Friday, May 20th – Sunday, May 22nd at the Welk's Resort in Branson, Missouri. Attached to this letter is the entry form to attend Forum. The agenda is coming together and we are gathering the necessary materials and information needed to make this Forum a success. I would ask that each of you participate in whatever capacity you can. Details of what we will be needing will be forthcoming over the next few weeks. Many of you will be attending Forum and those that are not will still have an important role.

Elections for new officers will be held in May. As you are contacted by the Nominating committee, please consider placing your name on the ballot. The nominating committee will be happy to answer any questions you might have about being on the board in general or about any of the positions on the board specifically.

If you are going to go the National Convention in August, be sure to put your name in for consideration to be a delegate for our chapter.

As always, participate. It is the only way to realize all that your NAWIC membership can be.

Construction Industry

CONGRATULATIONS!!!!

Our wonderful Construction Industry Chair, Courtney Johnson, MBA, was just blessed with a new baby boy!

Construction Industry A-Z Seminar

Anna Mathis, CCA, CDS, CIT, Dale's Roofing, Chairman

It is time to really kick it into gear. The A-Z Committee will be deciding on a theme and speakers this month. Each year our seminar has been a great success, this year we may take a step back in time and get back to the basics of construction.... Got any ideas you would like to share, pass them on. We love new ideas.

You can email me at: nedashrink@aol.com

Membership Report-

Congratulations to our newest member Georgia Powell with Cardinal Roofing. Our membership is making progress to reach that 25 member mark. We had a great membership mixer during WIC Week and met some potential new members.

The key to a great chapter is your membership. So spread the word about NAWIC and invite someone to our next meeting. I have information packets to send out to prospects. Just let me know who to send them to, and I will get them out.

Professional Education

Sara Hamilton, Greene County, Chairman

Our goal is to provide the speakers that you, the membership, want—send me your ideas for a speaker or topic..

Newsletter articles are due no later than 5:00 p.m. the Friday after the Chapter Meeting of each month. This will allow for editing of the newsletter and to issue electronically to all members, quests, Regional Director, Presidents of Region 6 NAWIC Chapters and those who requested to be on the mailing list, by the 1st of the month.

Articles can be emailed to Anna Mathis at nedashrink@aol.com

Things You Should Know

Forum is right around the corner.....why should you attend Forum, you ask? What is in it for you? Well, just let me tell you.

First—*to pass on to the boss*—there are educational , motivational speakers, and work shops. These speakers and workshops are geared towards construction and self improvement. This is something that you can bring back to your company to share with your co-workers.

Second—and this is for you, - you will meet ladies from our other Region 6 Chapters. There are 6 besides ours. I can honestly say, you will make some great friendships, ones that will last a life time. By far, we have the best Region in NAWIC.

Third—it is being held in our backyard. Branson is just right there. To cut cost, car pool, share rooms; it is nothing for there to be 4 to a room. That will really cut your expenses.

Fourth—you will get to know our Region 6 Director, Connie, she is very nice, plus we will have 2 National Officers at our Forum. It cannot help but be a blast with these two!

Finally—you should never want to stop learning, everyone needs their batteries recharged, and all of us need to smile and laugh more—you live longer.

So see, come to
Forum to save
your life!
