

WOMEN IN MOTION

A Message from Our President...

July 2011 Edition

Ladies,

The temperature is a definite sign that summer is here. We have many activities planned over the next few months. Read thru the newsletter and mark your calendar so that you do not miss anything.

Fast approaching is National Convention. As all of you know, I absolutely love attending NAWIC events and this one is the biggest of them all. It is a phenomenal event and you still have time to send in your registration and attend this year. As it is in St Louis, no airfare makes it very affordable. The hotel is also reasonably priced (especially if you share a room). You will not regret going. Attending the many seminars, workshops and activities is just part of what you will experience. Meeting ladies from all over the world, yes world, it is the most exciting way to learn and grow as a NAWIC member. Since we have such awesome ladies in our chapter, just imagine what you all can share with other members and help them grow.

It is also time to be thinking about passing the baton to the incoming board of directors. Each outgoing member of the board should take the opportunity to help the incoming board make a smooth transition. Help them to take the leadership role and to support them in that endeavor. You will have the same "old" president again this year. That is the last term I can serve in that role; therefore, one of you need to be thinking about taking on this position.

Again, participate. It is the only way to reach your full potential and grow as a NAWIC member; as well as help others to do the same.

Even though we've changed and we're all finding our own place in the world, we all know that when the tears fall or the smile spreads across our face, we'll come to each other because no matter where this crazy world takes us, nothing will ever change so much to the point where we're not all still friends." unknown
